

Introducing the New Grace PC Las Vegas Mobile App

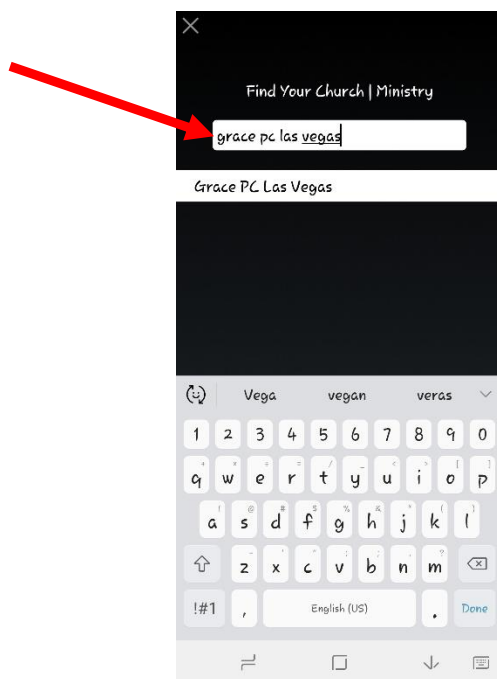

We are bringing Grace Presbyterian Church into the 21st century by announcing our new Grace PC Las Vegas Mobile App.

To download the app you must download **The Sharefaith App** from either the Google Play Store or the Apple Store. Sharefaith is the software company which supports our app.

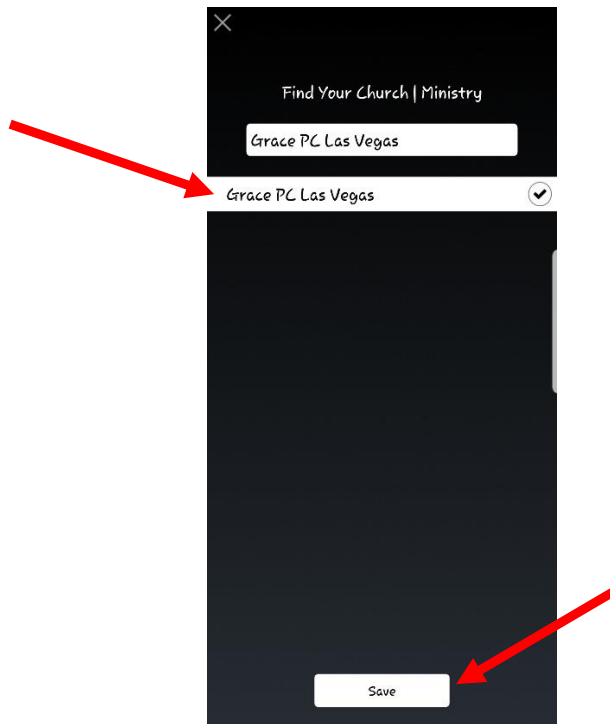

Once The Sharefaith App is installed open the app. It will prompt you to “Find Your Church | Ministry”

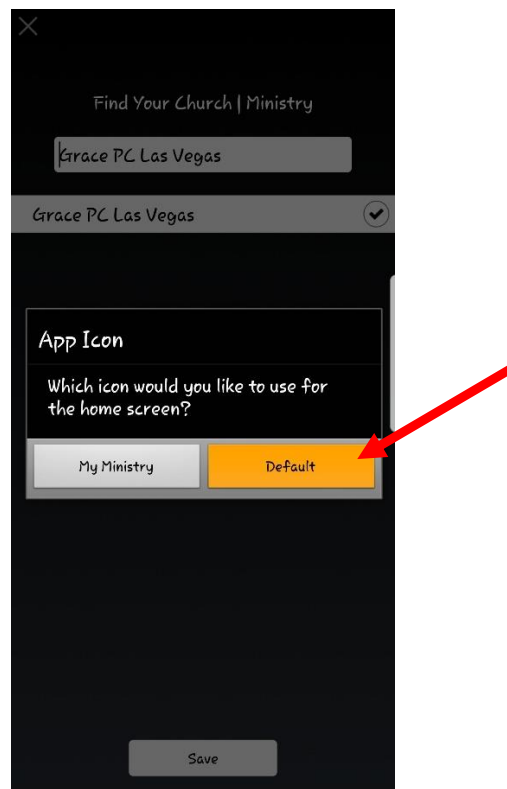

Enter Grace PC Las Vegas

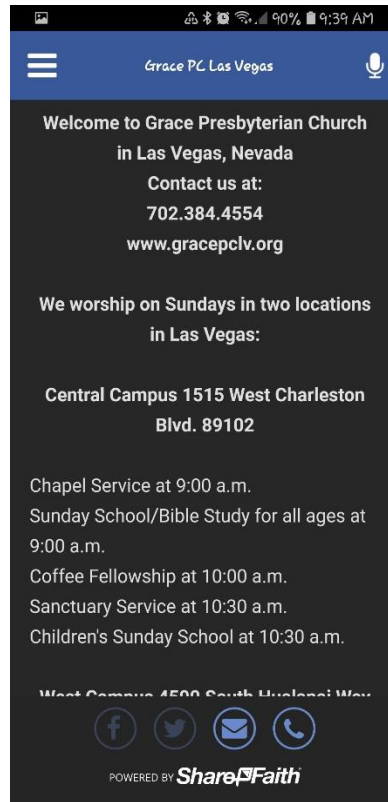

Tap on the line for Grace PC Las Vegas and a checkmark will appear on that line. Then tap Save.

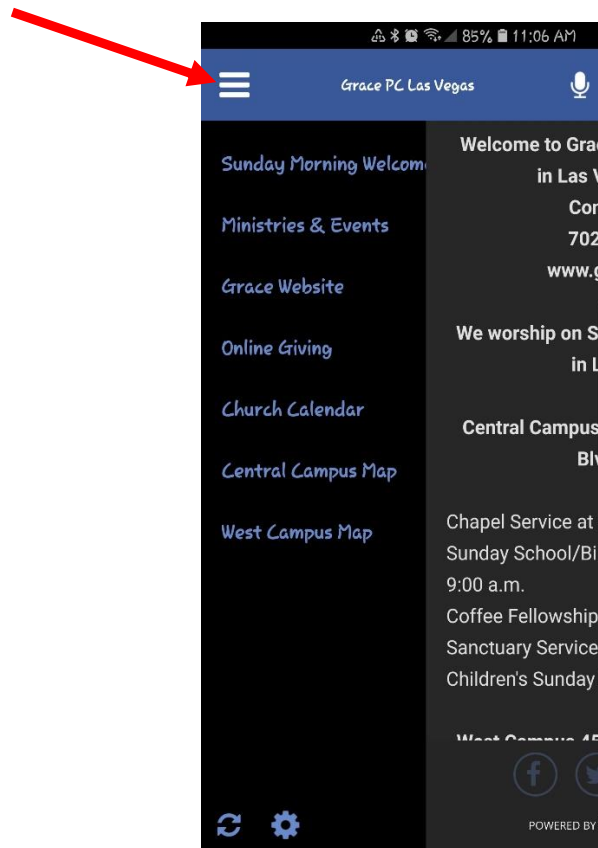

Next it will prompt you to select an App Icon. Select Default. (Due to the nature of the Android environment, multiple different brand devices with different software, various devices will process the app icon switching feature differently, so the "My Ministry" may not work.)

You have now accessed the Grace PC Las Vegas App! From this point on, whenever you tap on the icon for The Sharefaith App you should see our app.

To pull up the menu tap on the three horizontal lines in the upper left hand corner of the screen.

From there you may access a listing of Ministries & Events that are upcoming, go to our website, make a donation through online giving, check out our church calendar or get a map to either Grace Campus.

Here is an example of the Ministries & Events page. Tap each section for details.
